WARRANTY KM+

offers mechanical protection programs tailored to your needs.

The KM+ mechanical protection extends your vehicle's coverage beyond the manufacturer's warranty.

TOWING

The program includes towing coverage in the event of a covered incident throughout the duration of your term.

PLATINUM PROGRAM

GOLD PROGRAM

COVERED PARTS

ESSENTIAL PROGRAM Engine (gas or diesel): Cylinder block, cylinder heads and all lubricated internal parts including crankshaft and main bearing, balancing shafts, pistons, piston rings and piston pins, connecting rods and bearings, camshafts and bearings, valves, valve guides and springs, valve seats, rocker arm(s) and rocker shafts, push rods and hydraulic valve lifters, oil pump, harmonic damper, timing chain(s) and timing pinions (gears), timing guides and tensioners, pulleys, engine flywheel, engine mount. Transmission (manual or automatic): Gearbox casing, torque converter, vacuum modulator, servo mechanism and governor covers, all lubricated internal mechanical parts including valve bodies, pressure pump, belts and drums, governors, pinion bearings, yokes and synchronizers, transmission supports, oil line and cooler. transfer case support mounts. Transfer Case (4x4): Housing, gear sets, drive chain, internal main shafts, gears, internal bearings, bushings, and all internally lubricated parts (in the event of internal damage). Loyalty program: If the vehicle is declared a total loss during the term of the mechanical warranty, credit will be issued to the purchase of a warranty on the next vehicle and outer tie rods. Brakes System: Master cylinder, hydraulic power brake assembly, brake cylinders, brake caliper and pistons, brake compensators, brake lines and backing plates. Air conditioning and heating system: Compressor, condenser, evaporator, expansion valve, the following parts are covered when necessary for the repair or replacement of a gualifying part above; thermostatic expansion valve, dryer reservoir, oils and coolants (for manufacturer's original parts). Electronic Parts and ignition fuel supply system: Electronic fuel injection and/or electronic ignition control unit, electronic control module, electronic parts of the cruise control mounted on the engine (only those installed by the gearbox and transfer case (4x4 or AWD), intercooler and supercharger pressure limiter control (waste gate controller). part is expressly covered by the selected program. (Seepage and leaks are not included). Wheel Bearings and Homokinetic Joints: Wheel bearings and homokinetic joints (axel cv joints) (in the event of major failure only). Courtesy vehicle: A rental allowance of \$50 per day up to a total of 7 days, when the vehicle is under repair and is out of service for more than 48 hours. Suspension (front and rear): Control arm, ball joints, stabilizer bar, link rods.

Differentials (front and rear): Housings and all internal parts, front and rear axles, universal joints, crowns and pinions, crown and pinion bearings, pinions, positraction unit, satellites, yokes, transmission shafts, support bearings, Towing: In the event of a covered incident only and no refunds without valid receipts, a towing allowance not exceeding \$250 per occurrence when the malfunction of the vehicle is caused by a breakdown and such repair is Steering: Housing and all lubricated internal parts, rack and sprocket and all internally lubricated parts, power steering pump, main and intermediate shaft (in the event of major failure only). Bushings, Link kit, Ball joints, inner Electrical accessories and systems: Starter, alternator, ac-compressor, front and rear windshield wiper motors, front and rear windshield washer pumps, heater fan motor, sunroof motor, convertible roof top motor and its

manufacturer), automatic temperature control unit, dashboard display programming, main dashboard instrument cluster digital display, automatic door lock actuators, switches (excluding transmitters and receivers for remote locking, and power sliding doors and rear hatches), remote-controlled power window motors and switches, seat switches, fuel pump, anti-lock braking system (ABS) pressure regulator and pump, internal electronic parts of the

Seals and gaskets: All seals, rings, and filters are included for the components covered in the Covered Parts section above, when necessary repairs are related to a vehicle breakdown caused by a failure, provided that the specific

High tech parts: Front and rear gudio system and control, CD player, DVD player, antenna, amplifier, rear gudiovisual system, speakers, back-up camera, parking sensors, active parking system, intelligent oil monitoring system, keyless entry system, electrically adjustable seat motors, seat position sensor, center console with integrated compartment, trailer brake control module, remote starter, electrically deployable side steps system (Excluding the step and its mechanism), electrically operated sun visor/curtains, directional lighting system (excluding bulbs), adaptive cruise control system. (Genuine parts from the manufacturer only).

No deductible: This option allows you to avoid paying the applicable deductible in the event of a claim covered by your warranty program.

Urea injection system (diesel only): Applicable only for diesel engines. Module, thank, heating system, heat shield, pump dosage unit, injector.

Refund option: (term 36 months and over only) If no claim is made within the term of the mechanical warranty, a full or partial refund of the cost paid to acquire the warranty may be issued up to a maximum amount of \$2,000

Tire and rim protection 23 inches and under: Coverage of winter and summer tires and rims against any manufacturing defect, repair or replacement of the tire and / rim damaged by road accident.

Option amount per claim doubled: This option doubles the amount per claim only. The total claim amount remains the same as the one established by the chosen program.

Adaptative Suspension: Air compressor, valve block, height sensors, electronic control module, actuator, mode selection switch, air hoses and fittings, as well as seals (in the event of replacement of any of the covered parts in this section), excluding normal wear and tear, as well as damage caused by misuse or unauthorized modifications.
